Chair of Public Works  
Mr Buchholz,

**Re: Explosive Ordnance Logistic Reform Program projects: works proposed at  
explosive ordnance depot Cerberus**

Dear Mr Buchholz,

I am writing today to offer my support for the planned works at the explosive ordnance depot Cerberus, Hastings. The works proposed under Project J0056 Explosive Ordnance Logistic Reform Program (EOLRP) are awaiting Parliamentary approval.

My office recently received a detailed briefing from Lieutenant Colonel PG Sims on the proposed works in my electorate of Flinders.

The EOLRP project is anticipated to create prospective employment opportunities within the construction sector and related support sectors around the depot, which would be particularly beneficial to Hastings and the surrounding region.

Following the meeting with Lieutenant Colonel PG Sims, I am confident that the project will continue to improve the Australian Defence Force operations and training capabilities here at Cerberus.

I am happy to endorse this proposal and provide my full support for the project.

Yours sincerely,

**GREG HUNT MP**
