I oppose the waste dump proposed for Muckaty Station. The central deserts of Australia are not a dumping ground.

I find the

Commonwealth Radioactive Waste Management Act worrying in that

Section 11 of the bill explicitly overrides any state or territory laws that would hinder site selection. Section 12 then eliminates Aboriginal interests (the Aboriginal and Torres Strait Islander Heritage Protection Act 1984) and green interests (the Environment Protection and Biodiversity Conservation Act 1999) from the process of choosing a site. Section 13 eliminates the property rights of any individual unlucky enough to be in the path of the dump or its access corridors.

I do not support digging up or dumping of radioactive materials.

Sincerely,  
Greer Allen
