**Subject:** AHPRA Submission **Date:** Monday, 16 May 2011

Dear AHPRA team,

Please assist me in my problem of getting medical registration.

I had special purpose registration with conditions by Medical Board of Queensland

(Training and teaching in pathology & Medical administration)
However I had difficulty getting letter of good standing from India in time (it was delayed).

Finally my registration was cancelled.

I have been teaching pathology at the James Cook University Medical School since 2005.

This is to request what I need to get my medical registration.
