

**Health Insurance Amendment (Medicare Funding for Certain Types of Abortion)
Bill 2013**

I would like to support the above Bill so that no more babies will be murdered.

It is bad enough that babies are being aborted/murdered at all, but for (I'm almost ashamed to call it) "our Government" to allow, support and even encourage this by offering to pay for these murders is despicable.

Those responsible will suffer serious consequences.

This is a violation against God, whether you believe Him or not.

Yours sincerely,

Glennis Mullavey (Mrs.).
