

26 March 2019

TO: Senate Standing Committee on Environment and Communications:
The allegations of political interference in
the Australian Broadcasting Corporation (ABC)

Dear Committee,

Our apologies but there are typographical errors on page 3 of our Supplementary Submission.

The ABC budget figure line should read:

The ABC's current total annual budget is \$1.0437 billion, of which \$865.1 million is slated for operations and the remainder largely for transmission.

The revenue figures for the Nine and Seven networks have been inadvertently transposed, and should read:

... in the last financial year (2018), Seven Network's revenue was \$1.62 billion, Nine Network's \$1.31 billion ...

Yours sincerely,
Helen Grasswill
on behalf of ABC Alumni Limited
