Re: Senate ASA Inquiry - Submission

I am very unhappy that a Government Corporation like ASA could bring in these flight path changes over our house without even having the courtesy to consult with me first. This thoughtless act distresses me terribly. Gone are the days of peace and quiet!

For the last 25 years my husband and I have been developing our property into the beautiful place it is now. After raising a family here we were planning to enjoy our retirement for many more years. However, this idea was served a major blow with the introduction of WARRP. We are now constantly inundated with flights... as many as 90 on some days!!

I regularly report to the ASA complaints line but feel my complaints are not taken seriously. WHAT OTHER POWER DO I HAVE TO MAKE MY POINT ABOUT THE NUMBER OF OVERFLIGHTS I AM CURRENTLY BEING SUBJECTED TO? I had a letter from Mr Dudley of ASA and even attended a meeting where he spoke at the MSC. He did say that ASA will where possible change the situation and is aware that Chidlow has been particularly hard hit by WARRP.

Sincerely yours,

Elisabeth Rusterholz
