

To whom it may concern,

I wish to voice my opposition to ALL CSG, including shale and any other on shore gas mining. I'm not going to bombard you with facts and figures. You and I know as much as the mining companies want us to know. I've heard both sides of the story and I am for the farmers and land holders of this amazing country. I'm for our food bowls and unique flora and fauna and incredible diverse environment. But I don't believe our government or mining companies are the right people ,that we should be asking or dealing with. WE SHOULD BE ASKING OUR INDIGINOUS people's ! What is best for all environment, water, air and humans ,not just the economy. I say NO to any CSG, anywhere in Australia.

Yours sincerely
