Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

Small businesses do need help I agree but not this way.

First it will be for small businesses, then there will be a flow on to bigger and bigger companies and then there will be no penalties for working weekends or for shift workers. It would only be for the certain few that the government would allow.

Why should only a minority get benefits not and all.

Just because some can afford, or are able to comprehend higher studies they have jobs which are higher paid and do not need to work weekends so it is always lower paid people who have things taken away from them.

DO YOU THINK THIS IS A FAIR THING
