**Re: Currency (Restrictions on the Use of Cash) Bill 2019**

Dear Senators,

I am writing on behalf of 3,000+ members of our political organisation to express our objection to the cash ban in the strongest possible terms.

It is bad because :

- the law attacks our right to privacy and freedom not to use banks—it is intended to trap people in banks so we can't escape negative interest rates and bail-in, and our activities can be monitored and measured;
- \$10,000 is just the beginning;
- criminals won't abide by cash restrictions but it will criminalise law-abiding citizens;
- Australia doesn't have an urgent black economy problem;
- digital technology often fails, as CBA's system did last week, so cash-restricted economies can leave people stranded.

Please do NOT restrict our access to using cash.

Thanks.
