

## QUESTION TAKEN ON NOTICE

Parliamentary Inquiry : 06 November 2017

IMMIGRATION AND BORDER PROTECTION PORTFOLIO

**(PIID/017) – Inquiry - Prohibiting items in Immigration Detention- Total number of visitors at IDFs - last five financial years -**

Asked:

Provide a table of the total number of visitors to each immigration detention or transit facility over each of the last five financial years by facility and visitor type.

*Answer:*

The Department facilitates on average approximately 10,000 visits per month across the immigration detention network. Given the scope of the request and volume of visitors, the Department is unable to provide the number of visits to immigration detention facilities including visitor type as it would be an unreasonable diversion of resources.
