SUBMISSION SEEKING ADDITION TO THE EVIDENCE

Re: 'Any variations or additions to the evidence you provided at the hearing must be done by separate letter or in a supplementary submission.'

On L&C 65, the transcript reads:

Mr Coles - No, we are set up to do it. To date we have not had any requests come through.

CHAIR - But, if they did request that, you would happily support that?

Mr Coles - Yes.

I request that the following clarification be added as a note: VANISH has, in the past, conducted searches on behalf of donor conceived people. We have not fielded any requests during 2009 and 2010 (whilst I have been Manager), but should they arise, we would offer our assistance.

Yours faithfully

Gary Coles
Manager
