Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

I am a permanent employee, working as a , currently earning around \$1000,000 per year.

I have a morgage like every other person in this country and am still finding it hard to make ends meet.

It would be devastating because that is the only reason why we can just keep our head above water

I have a family and committment to my wife and children I sacrifice working away from home 9 mths of the year just for them is that fair. You try it

I urge the committe to keep the penalty rates as i feel that this unfair to the average

working family who are being penalised for. It is all very well for some one to open their mouth to climb the ladder to success and doesn't give a damn about anyone else they should look in the mirror at themselves or come down to our level instead of filling their own pockets
