Dear Dr Thomson

Correction of Evidence – 1 April 2019

I appeared before the Committee on 1 April 2019. Page 19 of the proof *Hansard* correctly records that during my evidence I said:

...the same report recommended that the certificate of operation shouldn't have been revoked

That was a mistake on my behalf.

The report to which I referred recommended that the certificate of operation should not have been *suspended*.

Regards
