Submission to the Senate Select Committee on School Funding

Small school, geographically isolated (lack of access to services etc). Rural low SES community.

Additional literacy and numeracy teachers. New resources to support new national curriculum. Modern up to date science equipment.

Maintain and develop relationships and connection with local indigenous community. Additional support for student welfare and assistance of low SES students. Resources to support parents in parenting successfully.

More access to casual relief to release teacher to attend professional development and funds to send teacher to expert professional development in metropolitan areas. More opportunities to observe quality teaching in other settings.

To enhance student outcomes we need to fund all students to the minimum level set out in gonski as the student resources standard and provide the loadings. This will only be done if we get the full 6 years of gonski!

Submitted on behalf of Johns River Public School
