

My life was stolen- May I have yours?

The people who stole my child thank the Anglican Church for their gift. MY BABY. MY FLESH AND BLOOD. MY LINEAGE. GONE.

The Anglican Church's Kedesh – (...) – et al arranged the wrenching away of and GIFT OF MY CHILD TO STRANGERS. My child was placed in his newness, alone in a babys' home without my knowledge or consent. A cold loveless place where he was nursed by whom? Fed what by whom? Ill-treated? All the while my life was devastated beyond repair.

Now Anglicare and the Anglican Church deny this fact.

At no time did I agree in any way shape or form.

My voice will be heard.

*Teardrops form the pool
In which my Soul bathes.*

And the day approaches when the world will know innocence was abused...
