Subject: Don't dump your responsibility on the aboriginies of Muckaty

To the Chair: Senator Trish Crossin (ALP, Northern Territory)

Dear Senator Crossin

I beg you to ensure that nuclear waste is made the responsibility of those who have benefited by its removal and sale and kept within their environment so that they become TOTALLY aware AND RESPECTFUL of the destructive element they have been dealing with.

By arrogantly deciding to dump it on Muckaty Station you are treating the Aboriginal owners with worsening coercive and predatory disregard than whites in power have ever reached before.

May God help us accept responsibility for our arrogant stupidity in wanting to exploit a substance that we do not have the skills to deal with appropriately.
