

From:
To: [Committee, EC \(SEN\); Senator Madigan \(Private\)](#)
Subject: Hannah Brutys submission to the Senate Inquiry
Date: Thursday, 1 November 2012 10:19:30 AM

I fully support the proposed amendments to the renewable energy act. I know health is a major issue so why not, for democracy sake, put on hold all new an approved wind farms from being built until the health impact studies have been completed at Hamilton. I am also very concerned that no one cares enough about the environment enough to protect the wildlife such as the Brolgas from being killed or scared away from the wind turbines.

Yours Sincerely,

Hannah Bruty
