Dear Mayor,

Thank you for your correspondence of 31 July 2017 in relation to the Barwon-Darling River System and the future of the Murray Darling Basin Plan.

The NSW Government remains committed to the Murray Darling Basin Plan, while seeking the best deal for NSW communities within that framework.

We take the allegations raised in the 24 July 2017 'Four Corners' report seriously. We have launched an urgent and thorough independent investigation into all of the allegations raised, which is being run by the eminent Mr Ken Matthews AO. The Secretary of the Department of Industry has also referred the allegations to the Independent Commission Against Corruption.

As the matters raised fall under the responsibility of the Minister for Regional Water, The Hon Niall Blair MLC, it is appropriate that the Minister considers your correspondence and I have forwarded it accordingly.

Thank you for taking the time to bring these issues to my attention.

Yours faithfully,

Gladys Berejiklian MP
Premier

Dear Premier

Water Extraction in the Northern Basin – 4 Corners Expose

I write to you in my capacity as interim Chair of Region 4 of the Murray Darling Association (MDA) and in relation to the recent 4 Corners program that highlighted illegal over extraction in the Northern Basin.

By way of background, the MDA is a membership-based peak representative organisation representing local government and the communities we serve across the Murray-Darling Basin since 1944.

As the third level of government in Australia, and the one most directly connected to community, local government has a valuable contribution to make in the processes, community consultation, and the formulation of decisions made and taken in the continuing implementation of the Basin Plan. This is enhanced beyond measure when local government is working together Basin wide.

Built on a strong foundation of good governance, we work with and for member councils, in collaboration with state based local government associations (LGA SA, MAV, LGA NSW and LGAQ), Regional Organisations of Councils, Joint Organisations and other local government affiliations.

The MDA provides members with the means and opportunity to actively participate in informing water policy, and provides state and Federal governments, the MDBA and other agencies with an opportunity to access community consultation and perspectives via a comprehensive community network coverage. Region 4's financial membership base comprises the Councils of Broken Hill City Council, Central Darling Shire Council, Mildura Rural City Council and Wentworth Shire Council.

BROKEN HILL NSW 2880

Dear Mayor,

Thank you for your correspondence of 25 August 2017 in relation to water extraction in the Northern Basin and the Broken Hill pipeline.

On 11 September 2017, the NSW Government released Mr Ken Matthews AO's interim report into water administration and compliance in NSW. This urgent and independent investigation was commissioned by the Minister for Regional Water, The Hon Niall Blair MLC, following the allegations raised in the 24 July 2017 ABC 4 Corners report.

Mr Matthews' interim report has raised a number of concerning issues around water compliance and enforcement in NSW. The NSW Government has accepted the principles in the Water Management Compliance Improvement Package that Mr Matthews has recommended and work has commenced on its implementation. These include a new independent Natural Resource Access Regulator, the introduction of a 'no meter, no pump' policy for all large water users across NSW within 12 months, and new monitoring and compliance technologies.

I understand the Minister for Regional Water is open to meeting with representatives from the Murray Darling Association either in Broken Hill or Sydney at an agreeable time and I have forwarded your correspondence to the Minister for his consideration.

Thank you for taking the time to bring these issues to my attention.

Yours faithfully,

Gladys Berejiklian MP
Premier
