

WE ARE CURRENTLY EXPERIENCING WHAT WOULD HAVE BEEN CLASSIFIED AS EXTREME WEATHER HERE IN THE ACT SURROUNDING REGION. THIS NEW NORM IS WHAT WE WILL HAVE TO LIVE THROUGH AND LIVE WITH IN THE DECADES TO COME.

IT IS VITAL THAT THIS CLIMATIC SITUATION IS UNDERSTOOD BY THOSE IN POWER & THAT ACTION TO REMOVE THE CAUSES OF CLIMATE CHANGE AND GLOBAL WARMING IS INSTITUTED IMMEDIATELY.

THIS INCLUDES CLOSING COAL-POWERED POWER STATIONS AND REFUSING TO EXPORT THE COAL THAT IS BENEATH THE CONTINENT'S SURFACE.
