

Brisbane ARFFS safety review submission

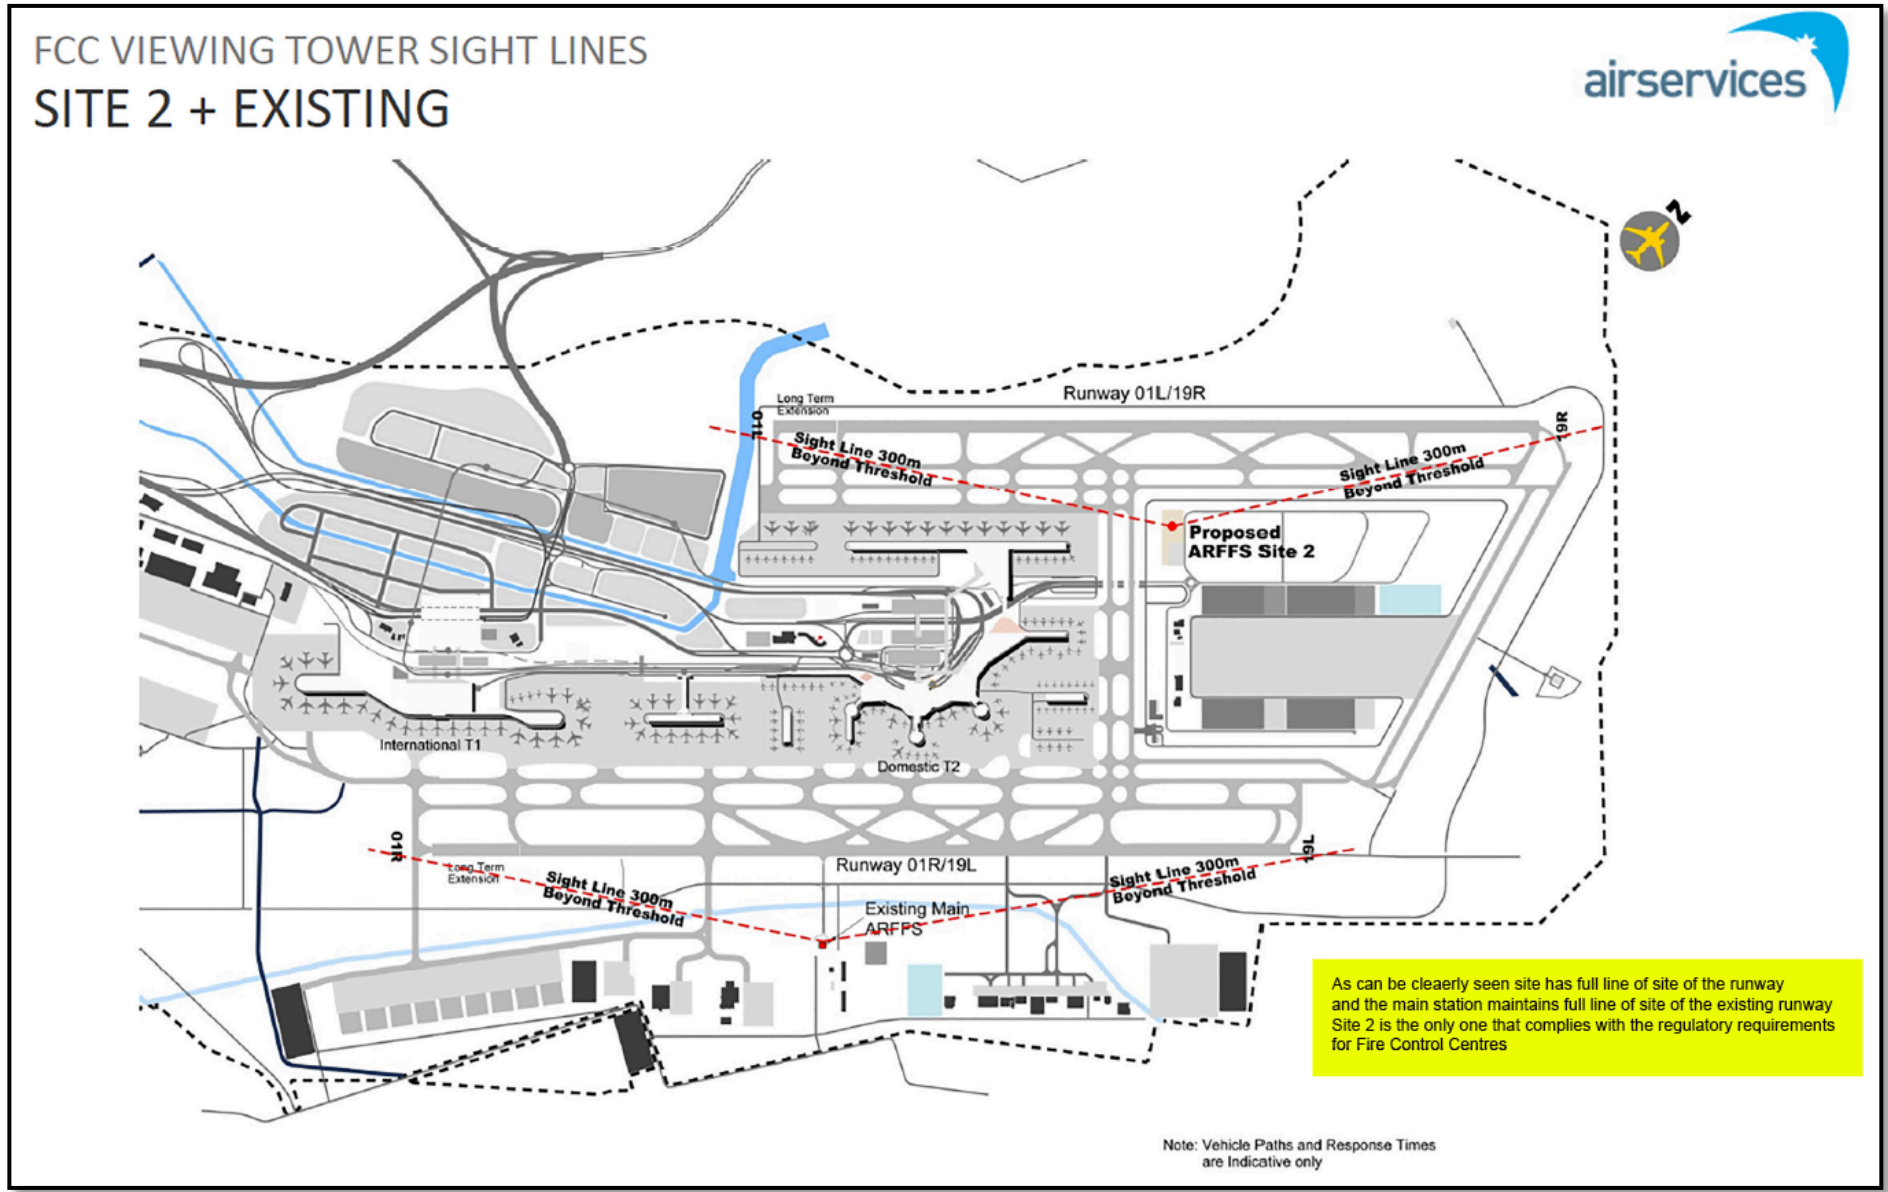

Supplementary visual aids to submission 19

Airservices has selected site 3, operational firefighters do not believe this site meets our regulatory obligations and that site 2 is the only suitable location. It is also obvious by the times, separation distance (2 km) and airport congestion between the runways that they need to be treated separately in regards to resourcing.

RESPONSE TIME ANALYSIS EXISTING SITE

RESPONSE TIME ANALYSIS SITE 2

**Cost of station site 2
estimated at 26.83 million dollars**
