

Home ownership hearings continue in Sydney

The House of Representatives Economics Committee will conduct its second and third public hearings for the inquiry into home ownership in Sydney on Thursday 6 August and Friday 7 August 2015.

The Chair of the Committee, John Alexander said that 'we have now received more than 50 submissions to this very timely inquiry and a number of these contributors and other experts have been invited to provide further evidence to the Committee in Sydney. All Australians deserve a fair chance to own a home and we look forward to further discussing the challenges that many prospective buyers face in today's very competitive housing market at these hearings.'
