

SUBMISSION 12 – Mr Steve Flora

Email received Tuesday, 14 July 2015
From Steve Flora

Dear Committee Secretariat:

Everything, everything I have heard regarding the ChAFTA, States has led me to be determinedly opposed to it. I see no advantages, no improvements for Australia in either the short or long term. The threats it poses to the country, its environment, its people and indeed its very sovereignty has, from the beginning, made me question why a government such as Australia's would be agreeable to such a faulty arrangement.

Please recommend that Parliament vote against the implementing legislation for this fault filled proposed agreement.

Steve Flora
