Dear Committee Secretary,

I am writing to advise you of my dislike of this bill.

If this bill becomes law it will only cause further division in our society.

If, when I say something, which is not meant to hurt, but does, how can I ever expect to clear things up? This bill rides over all of what we have accepted as normal in our society.

I note that eminent members of our society state that this bill is no good. Please heed these statements and this submission and stop proceeding with this bill.

Yours faithfully,

H Bohn
