To whom it may concern,
I am writing this submission on behalf of my sister Samantha June Rita Hamers. 6-4-68-31-7-96
In ~~the~~ early 1988 Samantha was forced to adopt her son out, by care & protection & our mother. She was not able to deal with this loss nor other abuses she experienced & as a result died due to alcohol abuse & other related medical conditions.

I would have liked to add more information, but I am being refused access to her & my own file also that of my own children who were kidnapped by care & protection in 2005.

We are also forgotten Australians & spent time in Mary Mead in Canberra, as children, CPS had involvement in our lives. I hope this is not too late, I am currently also giving evidence at 3 other inquiries at the moment.

Regards

Samantha Hamers
