PARLIAMENTARY INQUIRY SPOKEN QUESTION ON NOTICE

Senate Select Committee on Foreign Interference through Social Media

QoN Number: 3

Subject: Department of Home Affairs review into the foreign interference through social media review

Asked by: James Paterson

Question:

PATERSON asked about the status of the Department of Home Affairs review into the foreign interference through social media review that the Minister commissioned

Mr Anstee advised the review is still for consideration for Government

PATERSON requested if a copy of the review could be tabled

Mr Anstee: As reflected on the last Estimates hearing, Chair. The consideration around the consideration around the tabling of the document is currently going through the Home Affairs process, if we take this on notice, we will consider that through the same process

PATERSON: Okay, thank you. I think those Questions either already due or due very soon, so I look forward to that answer, hopefully before the committee needs to complete its work.

Answer:

The Minister for Home Affairs has made a Public Interest Immunity claim on the provision of the Social Media Review.
