Dear Senator Back,

The Australian Chamber of Commerce and Industry supports the Export Finance and Insurance Corporation Amendment (Direct Lending and Other Measures) Bill 2014, currently under consideration by the Parliament and this committee.

The suggested amendments appear to support removal of previous constraints on the operation of EFIC which in turn will allow it to develop and provide a wider range of products in support of Australian firms seeking to export their products. The amendments also reflect the need for competitive neutrality in EFIC's operation.

We recommend that these amendments are supported by the Parliament and the legislation passed as soon as possible.

Yours sincerely,

Bryan Clark
Director, Trade and International Affairs
