Date: Tuesday, 15 January 2013 11:40:24 PM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

My mum lost the battle to mnd never got a sent from DSP when she was forced out from her business she had now I live in fear that will happen to me get nothing

The main features of the NDIS that will make a difference to the community are:

Ensure support and equipment is available when needed

The most important services for the NDIS to provide are:

Accommodation options

I support the introduction of the NDIS.

As above

I agree for my submission to be made public

Regards,

Mr Blackie Forster
