Dear Sir/Madam,

As a recently retired doctor I write to fully support the proposal for a Senior Active Doctor category as being put forward by the Australian Doctors' Fund. I can see no real drawbacks in such a proposal and many benefits - to the retired doctors and especially to the Australian community as a whole. There is a shortage of doctors in our community now and the contribution, in even small measures, of doctors who have retired from paid medical work should be encouraged. I will not go over the proposal here as I know that it has been sent to you, and I also know that it does have sufficient safeguards in it.

Yours faithfully,
