Subject: Submission to the Inquiry into the National Disability Insurance Scheme Bill 2012
Date: Friday, 25 January 2013 9:22:01 AM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

not enough flexibility

The main features of the NDIS that will make a difference to the community are:

People with a disability can choose the types of support to use, People with a disability can plan their lives and pursue their goals and dreams, Minimising the number of times people have to tell their story in order to get support

The most important services for the NDIS to provide are:

Therapy and allied health services, Life-skills, Case management, planning and coordination

I support the introduction of the NDIS.

More decision making by people with disability

I agree for my submission to be made public
