RE: Question taken on notice (refer pages 94 & 95)

Dear Committee Members

Senator XENOPHON asked..... What percentage of members used their membership when playing a Gaming Machine?

In the month of January 2011, 135 Members used their membership card when playing a Gaming Machine.

As the Club has 3450 Members, this would mean 3.91% of our Members used their membership card to play a gaming machine, although this figure does not indicate if a player used their card every time they played.

Yours truly,

Colan Ryan
