

Gambling Reform Committee

19 March 2013

Dear Sir/Madam

I am glad to see your committee is going to do something about the promoting of gambling during the NRL games.

It is an absolute disgrace that this is allowed as if to normalise the habit.

I don't see why families should be subjected to this when they are trying to watch a game.

If this is allowed next thing Tom Waterhouse will be smoking a cigarette and drinking a beer while promoting his habit!

Please put an end to this. It's just not right!

The poll in the Sydney Morning Herald today has 84% in favour of NEVER allowing gambling odds during Sports matches in case you are unaware of public opinion.

Regards

Kevin Dennehy
