

Senate Legal and Constitutional Affairs References Committee

Public hearing 13 March 2024

Dear Secretary

I note Senator Roberts asked whether PWDA was consulted on the development of the *Australian health management plan for pandemic influenza*, which I took on notice. I re-confirm my answer to the question initially provided at the public hearing, by re-confirming that PWDA was not consulted in the development of the above plan.

I have no corrections to my evidence to put forward.

Regards

Giancarlo
