HSC completion rates for Tumut High School

HSC completion rates for Tumut High School for the last five years (2016-2020) have been

Measurement Year	Percent of students who completed
2013	53.3
2014	67.0
2015	53.6
2016	62.9
2017	44.6

Note:

“Completion” is defined as the proportion of students who started year 10 in Tumut High School and who were awarded an HSC within three years of the Measurement Year. Students completing other credentials (such as the International Baccalaureate) are not recorded as completing.
