

Dear Sir

I am writing to inform you of my opposition to AUCUS. It is sheer lunacy that we have put ourselves in a position which only profits the US and UK.

We do not need to go to war with a country that is our largest trading partner.

I am sick and tired of being dragged into wars that the US orchestrate in one way or another.

We can't afford to outlay these sums of money and as I see it, for no benefit. There is a crisis happening in our own country which we need to address.

Regards

Helen Breed
