Written question on notice for the United Workers Union

Asked by: Senator O'Sullivan

Asked: 02 November 2022

Question #1:

At the 15:36 mark, could the UWU please clarify what parts of the sector the reference to “an incongruous system that allows 68% of the sector to make a profit out of running early education centres” refers to, in response to Senator Faruqi’s question on for-profit centres, i.e. does it include just long day care, family day care and/or OOSH?

Answer:

The 68% refers to Long Day Care only, as at 30 June 2021 – see slide 6 of this NQF Annual Performance Report. See also p.4 of this updated report from January this year.
