Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

I am working in a school and my days are spent not only encouraging and assisting students but helping gain employment through "who I know" and these kids and thousands more miss out a lot to work. Without penalties, who is going to work. Who are they going to employ if not the students of Australia. The cheapest most manipulated employees in Australia and you want to cut there wages, WHY to line the pockets of whom
and we all work hard for these incentives to be given for ungodly hours, no social life and in most cases just to eat and keep a roof over a head, especially students.
