

Hi,

My name is Linda Patey.

I am a Christian and want our country to stay in Christian mode, (not totally opposed to Christianity).

Our country cannot continue to try to pull down all our Christian morals and values.

If the legislation goes ahead to stop freedom of speech with Christianity, where will our country end.

Not in a good place.

I believe that with Christian morals and values, in freedom of speech.

Our country can prosper.

Please stop trying to pull down our country by listening to minority groups, that are not where the majority of people in our country want to be.

Thanks in advance.

I will continue to pray that wisdom prevails in our parliament and all their decisions.

Signed.....Linda Patey.....also John Patey.
