Subject: sub960Submission to the Inquiry into the National Disability Insurance Scheme Bill 2012
Date: Thursday, 17 January 2013 2:52:05 PM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

No where near enough CARER support!

The main features of the NDIS that will make a difference to the community are:

The ability to receive services when needed and in the way that suits the person, Increased ability to coordinate services to suit the "whole" person/family, Older parents and families will not worry what happens when they can no longer provide support

The most important services for the NDIS to provide are:

Life-skills, Employment support, Support for families and carers

I support the introduction of the NDIS.

Because our country is missing out on the contributions of MILLIONS of people who have value to add to the world.

I agree for my submission to be made public

Regards,

Ms Jenna Williams
