
I am amazed that in Australia that a bill for the discriminating practice of gender selected abortions, would even be thought of to be tabled in parliament!

I am absolutely horrified that we as citizens would want to end any pregnancy, we are shooting ourselves in the head, if we think we have the right to terminate any life of any human being, born or unborn. Humankind is the most precious species on earth! I believe future generations will be disgusted that we even attempted to play God, and mess around with any such thing, gender selected abortions included!

I pray common sense and wisdom prevail, in this our beautiful country, may the dignity of human life, made in the image of God, be upheld.
Carol.
