

Dear Committee Members,

I have identified a couple of errors (factual changes that I have been alerted to by the Forde Secretariat that were incorrect in the original briefing material I had at the hearing) which I would like to correct.

Religious contributions prior to 2009:

I have been advised that the amount was \$149,424 in donations from churches (and not \$90,000) (Page 9 paragraph 3)

Children in Care

There are approx. 9,600 children in care in Queensland (and not 9,500) (page 9 paragraph 4)

If you require any further information please let me know

Thanks Rob
