The Australian Manufacturing Industry Senate Inquiry 2021

The following is my submission to the Committee :

- (a) Please address fundamental issues that are necessary to REVIVE the manufacturing industry in Australia for a strong and sustainable economy ;
- (b) Please address the need for a national development bank to invest in both Large enterprises and small independent enterprises in the development of the Industry ;
- (c) Please address the need for a public bank with financial and industrial expertise to do that which is required and which private banks won't ;
- (d) Please address the need to exploit and invest in Australia's manufacturing potential .

yours faithfully
