**PDR Number: IQ20-000202**

**Question Number: 3**

**Question 3:** Was there a response to those emails of Mr O'Neill's from the Minister or the Minister's office?

**Type of Questions:** Hansard Page 4, 27 February 2020

**Questioner:** Senator Chisholm

**Question:**

**CHAIR:** Was there a response to those emails of Mr O'Neill's from the minister or the minister's office?

**Mr McCann:** I'd have to take that on notice. I don't have those responses with me, if they in fact did occur.

**Answer:**

Sport Australia has searched for relevant email exchanges between the former Minister's Office and Sport Australia on the two occasions.

With respect to the first occasion commencing 5 December 2018 Sport Australia found five email records between Sport Australia and the former Minister's Office that were relevant to the original message concerning the selection of projects that differed from recommendations.

With respect to the second occasion commencing 5 March 2019 Sport Australia found nine email records between Sport Australia and the former Minister's Office that were relevant to the original message concerning the provision of the application form after applications had closed.

**Question 4:** Provide any emails from Sport Australia to the Prime Minister's Office.

**Type of Questions:** Hansard Page 6, 27 February 2020

**Questioner:** Senator Gallagher

**Question:**

**Mr McCann:** I'm not aware of any direct emails between our organisation and the PMO.

**Senator GALLAGHER:** Well, there are, because they've been tabled in the parliament.

**Mr McCann:** I'll have to take that on notice and review those. To my knowledge, there weren't any specifically in reference to this program.

**Answer:**

Sport Australia has done a thorough review of our systems and found email records between Sport Australia and the Prime Minister's Office that we believe referenced or were related to the Community Sport Infrastructure Grants Program. These emails have been released as a part of the Government's response to Order of Production of Document's 378 and 379.

**Question 10:** Provide opinion from senior Queen's Counsel around legal authority.

**Type of Questions:** Hansard Page 15, 27 February 2020

**Questioner:** Senator Gallagher

**Question:**

**Senator GALLAGHER:** Are you able to provide to the committee any records of the discussions around this legal authority—the consideration of it by Sport Australia?

**Mr Wylie:** Since the board in proper execution of its role has directors responsibilities and saw fit to obtain legal advice from a senior Queen's Counsel after this issue was raised, I would be happy to provide that opinion to this committee to you if you would like.

**Answer:**

The content requested has been addressed within the response to IQ20-000009.9 (Written Question Number 9).

**Question 12:** Provide signed approval box of Round 3 signed submission?

**Type of Questions:** Hansard Page 17, 27 February 2020

**Questioner:** Senator Gallagher

**Question:**

**Senator GALLAGHER:** Just in relation to the decision brief signed by the minister—the approval brief: could we just have a copy of the decision box? I'm not interested in the content of the brief, I imagine we wouldn't be given that—although, if you want to give us that we'll take that as well. But just the decision box of that section of the brief for the committee's—

**Mr McCann:** I will have to take that on notice, Senator. I don't have it with me.

**Answer:**

The content requested is contained within the documents requested as part of the response to IQ20-000213 (Question 28).

**Senator RICE:** Could you take that on notice please.

**Mr McCann:** We can take that on notice.

**Question 16:** What was funded, by individual sport, in terms of dollars and in terms of the number of projects.

**Type of Questions:** Hansard Page 23, 27 February 2020

**Questioner:** Senator Canavan

**Question:**

**Senator CANAVAN:** and/or take the question on notice. I'll basically repeat the question I asked of the Audit Office, just for the record. I'll first ask for what was funded, by individual sport, in terms of dollars and in terms of the number of projects. That's what was taken on notice last week, but if you could provide your figures to the committee that would be useful, and/or table them now. So you could take that on notice, just for the record?

**Mr McCann:** I'll take it on notice.

**Answer:**

Sport Australia notes the analysis performed by the ANAO which kept multisport projects as a standalone group. Sport Australia's analysis was based on a different methodology.

Sport Australia's methodology distributed multisport projects across the sports nominated in the application. This enables a thorough understanding of the comprehensive benefit to sports. Sport Australia's analysis, referred to in Hansard above is attached.

**Question 18:** Provide raw data of assessment scores that were provided to the minister's office.

**Type of Questions:** Hansard Page 27, 27 February 2020

**Questioner:** Senator Farrell

**Question:**

**Mr Wylie:** The assessment scores were provided to the minister's office—the raw data, if you like, and the rankings.

**Senator FARRELL:** Are you able to provide that raw data to us?

**Mr McCann:** I don't have it with me. I will have to take that on notice.

**Senator FARRELL:** But you can give some consideration as to whether that raw data can be provided?

**Mr McCann:** We'll certainly consider it.

**Answer:**

Sport Australia provided this data to the former Minister's Office via an Excel spreadsheet which is attached.

Some information in the attachment has been redacted as it is subject to Minister Colbeck's Public Interest Immunity claim, as per the response to the Order of the Production of Document No. 387.

**Question Number: 22**

**Question 22:** Any other communication that occurred between Sport Australia and Tennis Australia while applications were open?

**Type of Questions:** Hansard Page 31, 27 February 2020

**Questioner:** Senator Canavan

**Question:**

**Senator CANAVAN:** I want to touch quickly on the previous line of questioning with regard to Tennis Australia. I presume you will have to take this on notice, but we have established that the draft guidelines have been provided to Tennis Australia. Are you aware of any other communication that occurred between Sport Australia and Tennis Australia through the process?

**Mr McCann:** In relation to the CSI grant program?

**Senator CANAVAN:** Yes, through the grant program.

**Mr McCann:** No, not to my knowledge.

**Senator CANAVAN:** Okay. I specifically want to ask—and I am happy if you take this on notice—about any communication between Sport Australia and Tennis Australia after the publication of the guidelines and while applications were open.

**Mr McCann:** I'll take that on notice.

**Answer:**

Sport Australia searched records between 2 August and 14 September 2018 and found 11 emails between Sport Australia and Tennis Australia. These included:

- Eight emails that were related to the launch of the Community Sport Infrastructure Grants Program and Sport Australia's general business where there was a mention of the CSI grant program.
- Three emails that contained CSI grant program related information.

All 11 emails were available to be reviewed by the ANAO in the course of its audit.

**Question:**

**CHAIR:** I had 'all 2,056 applications made under the CSI Grant Program or a summary of all applicants, including organisation name and project details if more readily available'

**Mr Dalton:** That's correct. We're taking that on notice to get some advice on what we can provide.

**Answer:**

**Senate Select Committee on Administration of Sports Grants**

**PDR Number: IQ20-000211**

**Question Number: 26**

**Question 26:** Provide all 28 versions of the colour-coded spreadsheet, or all those in the possession of Sport Australia, referred to be the ANAO in evidence, including document creation date and the date of the most recent edits.

**Type of Questions:** Hansard Page 35, 27 February 2020

**Questioner:** Senator Chisholm

**Question:**

**CHAIR:** I also asked for 'all 28 versions of the colour-coded spreadsheet, or all those in the possession of Sport Australia, referred to be the ANAO in evidence, including document creation date and the date of the most recent edits.

**Answer:**

Sport Australia received colour-coded spreadsheets from the former Minister's Office. These spreadsheets were different in appearance to spreadsheets that Sport Australia developed as part of our activities. Sport Australia searched for emails from the former Minister's Office to Sport Australia between the dates 5 December 2018 and 12 April 2019 with the former Minister's Office colour-coded spreadsheet attached. Sport Australia found eight versions of the colour-coded spreadsheet within our records as detailed below in the table.
