

Hi,

It is great that the Government is putting money into the Early Childhood sector to support higher wages for child care workers. There is no doubt that they work hard & do a great job in the vital early years of a child's life. What is disappointing, is that the funding will not reach the whole sector. All child care services deserve to be able to have a share in this funding & that it be available for more than 2 years.

Thank you
