- SUBMISSION TO SENATE WIND FARM ENQUIRY - FEB 14/08

My concerns about wind farms and in particular the Lal Lal Wind farm just outside my front windows.

1. Unsuitable location proximity to houses and small farms, lifestyle properties in all directions

2 Picturesque scenery, landscape volcanos Bunnyong Warrenheip Black Hill, Gordon Mt Egerton and Lal Lal Ranges are our views

3. Personally moved to area in 1990's for a peaceful lifestyle Having retired from Melbourne and to health problems - blood pressure which could be exasperated in our very neighbourhood due to a Wind farm

4. Controversial articles appear in our Newspapers both for and against these Wind farms

In these articles health is a major issue. Effects from the turbines can be devastating to some. Farming people have had to relocate. Some of these are 2nd and 3rd generation farmers. These people live off farm but return to manage the farm on a daily basis. - This comes at a
