

CURRICULUM VITAE

NAME: Vivien Lai Peng WONG

QUALIFICATIONS: MBChB, University of Auckland, NZ (2001)
Postgraduate Certificate in Clinical Education, Auckland NZ
FRANZCOG (2011), Certificate in Urogynaecology (2016)

CURRENT POSITION: VMO, Queen Elisabeth II Jubilee Hospital, Brisbane
VMO, Robina Hospital, Gold Coast, QLD

Teaching & Lecturing Experience

- Conjoint senior lecturer, University of Queensland (2013 – present)
- Clinical Associate Lecturer at Nepean Clinical School, University of Sydney (2011 – 2013).
- Peer-reviewer for Australian New Zealand Journal of O&G, Ultrasound Obstetrics & Gynaecology
- Co-supervisor of Lori Forner, PhD candidate, University of Queensland (2017)
- Co-supervisor for Independent Learning Project students at University of New South Wales, 2012 - 2013

Research Activities, Publications & Abstracts in last 3 years

1. Principal Investigator, in collaboration with Prof Mark Schembri, University of Queensland – “ Pinpointing the location of intracellular bacterial reservoirs in the bladder of patients with recurrent UTI”, currently recruiting
3. Principal Investigator, in collaboration with Dr Jenny Kruger, Auckland Bioengineering Institute New Zealand – “Association of ethnicity and elasticity with avulsion injury following vaginal delivery”, completed 2015
4. Co-investigator “Reducing the levator hiatus with a puborectalis sling – a multicentre randomised controlled trial”, currently recruiting
5. Co-investigator “A Pilot study assessing the efficacy of the Capiro suturing device for sacrospinous ligament fixation” – Manuscript submitted for review 2017

Current Research Interest (Phd Thesis)

Pelvic Organ prolapse : Prevention and Treatment of prolapse recurrence. In this thesis, I will investigate female pelvic organ prolapse recurrences, particularly of the anterior compartment; the scope of the problem, the currently available treatments, including biomechanical characterisation of mesh, computer modelling of pelvic floor trauma and development of a predictive modelling tool for prolapse recurrence. In addition, I am co-ordinating a multicentre randomised controlled trial assessing a novel surgical technique to reduce pelvic organ prolapse recurrence.

Membership Of Professional/ Collegiate Bodies

1. Member of the Urogynaecological Society of Australasia /Member of the International Urogynaecological Association
2. Fellow of the Royal Australian and New Zealand College of Obstetricians and Gynaecologists
