Dear Dr McVeigh

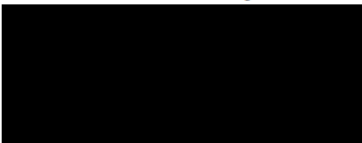

**DEVELOPMENT CONCEPT – OFFICE ACCOMMODATION  
102 (LOT 803) QUILL WAY HENDERSON**

I am writing on behalf of the City of Cockburn to express our support for development of the works planned by the Department of Defence at the above property in Henderson.

This project is expected to provide critical office accommodation for Defence staff and support Defence investment in the Henderson precinct. The City sees the project as further evidence of the Government's commitment to its Naval Ship Building Plan, which sees Henderson as the home for construction of minor warfare vessels and a key maintenance facility for RAN fleet assets.

This project will have a strong flow on effect into the West Australian economy; providing opportunities for local companies to participate in construction and boost local employment.

Yours sincerely,

Stephen Cain
