Subject: Submission to the Inquiry into the National Disability Insurance Scheme Bill 2012
Date: Friday, 21 December 2012 4:59:26 PM

Please consider this email a formal submission by me to the Senate Standing Committee on Community Affairs Inquiry into the National Disability Insurance Scheme Bill 2012.

The current disability system has many problems that need to be addressed.

no support for amputees loudly

The main features of the NDIS that will make a difference to the community are:

Ensure support and equipment is available when needed, People with a disability can choose the types of support to use, More rights for people with a disability

The most important services for the NDIS to provide are:

Therapy and allied health services, In-home care and domestic assistance, Positive behaviour support and psychological services

I support the introduction of the NDIS.

it would be for people other than me

I agree for my submission to be made public

Regards,
