

## **Senate Economics Legislation Committee**

### **ANSWERS TO QUESTIONS ON NOTICE**

#### **Inquiry into the National Energy Transition Authority Bill 2022**

**Department/Agency:** Department of the Prime Minister and Cabinet

**Outcome/Program Group:** Net Zero Economy Taskforce

**Topic:** Consultation – stakeholders and meeting dates

**Senator:** Penny Allman-Payne

**Type of question:** Hansard page 21, 28 February 2023

**Date set by the committee for the return of answer:** 10 March 2023

**Number of pages:** 6

#### **Question:**

**Senator ALLMAN-PAYNE:** I'll go back to the straighter questions rather than the tangent, but thank you for answering them. I think this is probably a question on notice, because you've told us you've done some broad consulting and you've had up to 80 stakeholders. I'm keen to know who has been part of the consultation process, which companies and unions. Is it possible for you to provide a list of all bodies that have been consulted, and the meeting dates that they happened? I'm happy for you to take that on notice.

**Mr Chisholm:** We can assist you with that. We can talk in broad terms about some of the organisations we've spoken to, but given the length I think it's probably best that we come back on notice.

#### **Answer:**

The list below identifies the key stakeholders engaged from 5 September 2022 to 7 March 2023. The Net Zero Economy Taskforce continues to consult as part of its work.
