Dear Sir,

Re Medicare Funding for Certain Types of abortion.

I fully support your Bill which prohibits Medicare benefits for an abortion solely because of the gender of an unborn child.

This is not a medical procedure & therefore should not be covered by Medicare.

This procedure should also not be carried out for gender reasons either, for "family balancing."

As a self funded retiree - taxpayer I strongly object to the taxpayer's money being used for these immoral purposes.

Yours faithfully

MRS JEANETTE A. WEST.
