## Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

Senator Xenophon; you claim to represent the average Australian. The average Australian is a family person who, above every thing else values his family and has a strong feeling of responsibility to provide for them. Whilst the majority are dedicated, hard workers, many of those you target work in low paid industries and will be placed in a situation where their current employment is untenable. We will fight for them!
